

Friends & Family Responses - January 2019

We are always treated with patience and kindness

I think the service is spot on friendly and plenty of advice. Good timing and my family have had a lovely welcome joining the practice

Very competent and friendly doctors, nurses and staff.

Reason being the Dr was very good but when I rang back later the receptionist was quite rude then the person they put to phone me back did really give any advice

I rang the surgery at 8:10am, received a call back 10 minutes later and then had an appointment at 10:20am the same day. I used to be at Munroe medical centre at Spalding and it was never like this. Which is the reason why I moved surgeries. Fantastic place.

Always treated well

Friendly efficient service

A professional medical centre. Every one is excellent.

Thorough, caring, professional service.

Have u got the house phone with you cos doctor is going to ring and i cant find phone?

On time, swift and painless and the lovely Jan was very helpful as always.

Easy to arrange appointments some excellent members of staff

Always a friendly good service .

I have been very well looked after by everyone in the practice, personally, professionally and medically.

Very experienced and friendly staff

Kind and caring professional staff

Service with a smile and on time, what more could you ask.

Excellent staff and a great medical centre
